

Seminar on specialist RSI treatment by Dr Deepak Sharan

Friday 30 October at 18:30, London

Please see below for further details.

Admission is free.

RSI sufferers, clinicians, TU representatives and others interested in RSI treatment are welcome.

This is a unique opportunity to hear about the effective RSI treatment developed at one of the two worldwide specialist RSI clinics, from its medical director Dr Deepak Sharan.

Dr Sharan (www.deepaksharan.com) is an Orthopaedics & Rehabilitation Specialist who runs the specialist Recoup RSI treatment clinic in Bangalore. Recoup employs 60 clinicians and has treated over 50,000 RSI patients. Dr Sharan has developed diagnosis and treatment protocols for RSI conditions. The treatment is holistic and multidisciplinary, which produces a high level of success outcomes. Dr Sharan's clinic has already attracted many RSI patients from around the world including the UK, who have recovered and been able to return to work.

Dr Sharan is an RSI and Ergonomics Consultant to international companies in India including Hewlett-Packard, Oracle, Texas Instruments and Monsanto.

London Friday 30 October 2009 at 18:30 to 20:30

The Friends House (Room 9), 173 Euston Road, London NW1 2BJ
(opposite Euston station)
