

WORKSHOP ON ERGONOMIC WORKPLACE ANALYSIS (EWA)

Course Description: An intensive three-days workshop on commonly used Ergonomic Risk Assessment Tools

Dates: January 19-21, 2012

Venue: RECOUP Auditorium, #312, Further Extension of Anjanapura Layout, Bangalore 560062, India.

Who should attend?

Ergonomists, Physiotherapists, Occupational Therapists, Occupational Health, Human Resources, Facilities, Health and Safety Professionals.

Topics Covered

1. Methods to assess levels of musculoskeletal discomfort among workers: NIOSH discomfort surveys, the Dutch Musculoskeletal Questionnaire (DMQ), University of Michigan Upper Extremity Questionnaire (UMUEQ), Cornell Musculoskeletal Discomfort Survey, Nordic Musculoskeletal Questionnaire (NMQ) etc.
2. Postural and Psychosocial Risk Assessment Questionnaires
3. Postural evaluation tools: PLIBEL, Quick Exposure Checklist (QEC), OWAS
4. Postural evaluation tools: Rapid Upper Limb Assessment (RULA), Rapid Entire Body Assessment (REBA), Simple Model for Comprehensive Evaluation of Risks of Musculoskeletal Disorders (MODSI), The Strain Index
5. Measurement of work effort and fatigue: Borg Ratings of Perceived Exertion Scale, Muscle Fatigue Assessment Method, Hand Activity Level (HAL)
6. Methods for assessing back injury risks: Revised NIOSH Lifting Equation, Snook tables
7. The Occupational Repetitive Action (OCRA) Methods: OCRA Index and OCRA Checklist

Aims of the Workshop:

1. To master the basic assessment tools in ergonomics
2. To assess workers for ergonomic risk factors and recommend corrective measures

Course Fee: Professionals: Rs. 6000/-, Students: Rs. 5000/-
(Includes Course manual, Lunch, Course Transcript & Certificate)

Please make Cheques / DD in favour of "RECOUP", payable at Bangalore (Add Rs. 60 for outstation cheques). Students must enclose a supporting certificate from the Head of Institution. Limited registrations are available on first come first serve basis. You can also register online at www.recoup.in and make the payment with credit card. Please contact us if you need assistance with accommodation.

ADDRESS FOR CORRESPONDENCE

Ms. Jeena Jose, Manager-Training and Course Coordinator
RECOUP Neuromusculoskeletal Rehabilitation Centre,
#312, 80 Feet Road, 10th Block, Further Extension of Anjanapura Layout,
Bangalore-560062, Karnataka, India.

WORKSHOP ON HEALTHCARE ERGONOMICS

Course Description: An intensive one-day workshop on Ergonomic Hazards in Healthcare Professionals and Ergonomic Risk Assessment Tools

Dates: January 22, 2012

Venue: RECOUP Auditorium, #312, Further Extension of Anjanapura Layout, Bangalore 560062, India.

Who should attend?

Ergonomists, Physiotherapists, Occupational Therapists, Occupational Health, Human Resources, Facilities, Health and Safety Professionals, Dentists and Nurses.

Topics Covered

1. Relevance of Ergonomics in Healthcare Professionals
2. Prevention of Ergonomic hazards in Physicians, Dentists, Nurses, Nursing Assistants, Physiotherapists, Massage Therapists, Laboratory Technicians, Caregivers, etc.
3. Ergonomics workplace analysis tools to assess the risk in healthcare professionals: Movement and Assistance of Hospital Patients (MAPO), Dortmund Approach, Risk Assessment based on TiIThermometer Analyses, Patient Transfer Assessing Instrument (PTAI)
4. Symposium on Injury Prevention in Physiotherapists

Aims of the Course:

1. To master the basic assessment tools in healthcare ergonomics
2. To assess healthcare workers for ergonomic risk factors and recommend corrective measures

Course Fee: Professionals: Rs. 1000/-, Students: Rs. 750/-
(Includes Course manual, Lunch, Course Transcript & Certificate)

Please make Cheques / DD in favour of "RECOUP", payable at Bangalore (Add Rs. 60 for outstation cheques). Students must enclose a supporting certificate from the Head of Institution. Limited registrations are available on first come first serve basis. You can also register online at www.recoup.in and make the payment with credit card. Please contact us if you need assistance with accommodation.

Special Offer: Delegates registering for the EWA Workshop will get a complimentary registration to the Workshop on Healthcare Ergonomics
